Re: AlbiClad 800 Product Qualifications - LEED

MR Credit 4 – Recycled Content

Albi DriClad contains 0% pre-consumer post-industrial and 0% post-consumer recycled material

MR Credit 5

a. MR Credit 5 – Manufacturer’s Location

Manufacture point for AlbiClad 800 is East Berlin CT

b. MR Credit 5 – Distance of Raw Material Suppliers

Our raw material sources are from all over the globe and the product has no harvested materials

AlbiClad 800 is VOC compliant to the strictest VOC regulations for fireproofing (which currently is 250 g/L VOC) in the country.

Sincerely yours,

Joe Shaskus
Chief Engineer
