Re: Albi DriClad Mineral Fiberboard Fireproofing Compliance with LEED v4 and v4.1

Albi DriClad is a rock-based mineral fiber fireproofing board for use in interior or semi-exposed locations and provides up to four hours of protection.

Albi DriClad complies with the applicable portions of the LEED v4 and v4.1 requirements for MR Credit: Building Product Disclosure and Optimization – Sourcing of Raw Materials. Albi DriClad has 16% preconsumer recycled content and 0% postconsumer recycled content. According to MR Credit listed below, Albi DriClad contributes 50% of the preconsumer recycled content towards the credit calculation, based on weight.

MR Credit: Building Product Disclosure and Optimization – Sourcing of Raw Materials

This prerequisite applies to

- ▶ BD+C: New Construction (1-2 points)
 - ▶ BD+C: Core & Shell (1-2 points)
 - ▶ BD+C: Schools (1-2 points)
 - ▶ BD+C: Retail (1-2 points)
 - ▶ BD+C: Data Centers (1-2 points)
 - ▶ BD+C: Warehouses & Distribution Centers (1-2 points)
 - ▶ BD+C: Hospitality (1-2 points)
 - ▶ BD+C: Healthcare (1-2 points)
- ▶ *Recycled content.* Products meeting recycled content criteria are valued at 100% of their cost for the purposes of credit achievement calculation.
- Recycled content is the sum of postconsumer recycled content plus one-half the preconsumer recycled content, based on weight.
 - The recycled fraction of the assembly is then multiplied by the cost of assembly to determine the recycled content value.

Point of Manufacture is East Berlin, CT, USA 06023. If the product is sourced (extracted, manufactured, and purchased) within 100 to 500 miles of the project site. See below. You may need to reach out to your Albi Representative to help with this section.

For credit achievement calculation, products sourced (extracted, manufactured and purchased) within 100 miles (160 km) of the project site are valued at twice their base contributing cost, up to a maximum of 200% of cost or 2 products.

Should you have any questions or need additional information, please do not hesitate to call me at (860) 828-0571.

Sincerely,
Michael Misiaszek
